**DETAILED ACTION**

**EXAMINER'S AMENDMENT**

1. An examiner's amendment to the record appears below. Should the changes and/or additions be unacceptable to applicant, an amendment may be filed as provided by 37 CFR 1.312. To ensure consideration of such an amendment, it MUST be submitted no later than the payment of the issue fee.

Authorization for this examiner's amendment was given in a telephone interview with Lindsay McGuinness on September 13, 2007.

2. The application has been amended as follows:

Claims 3, 9, 11-13, and 15 are cancelled.

In claim 1, line 12, after the word "vectors" inserted --, wherein the step of selecting further operates in response to whether an assigned data source is ready--.

In claim 4, line 1, the number "3" should be removed and inserted with --1--.

In claim 8, line 1, the number "3" should be removed and inserted with --1--.

In claim 16, line 9, after the word "selects" inserted --, in response to whether a queue is ready,--.

In claim 23, line 13, after the word "selects" inserted --, in response to whether a queue is ready,--.

The examiner's amendment above was made to place the application in condition of allowance.

***Allowable Subject Matter***

3. Claims 1, 2, 4-8 and 16-29 are allowed.

The following is an examiner's statement of reasons for allowance: The prior art of record fails to teach or make obvious the steps or means for **"the step of selecting further operates in response to whether an assigned data source is ready"**, when such value is considered within the specific structure of the method recited in claim 1 or the device recited in claims 16 and 23.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
